

To make your job easier, we work harder on partnerships

Creating value for healthcare organizations through AI-powered solutions optimized for eClinicalWorks.

Given all the platforms and devices and the unique demands of the people who use them, creating a seamless experience isn't easy. That's why we partner with eClinicalWorks to make it easier for clinicians to document everything without ever taking their focus off what matters most—caring for their patients.

Deeply embedded across the continuum of care

Deep integrations between Nuance healthcare solutions and eClinicalWorks solutions allow physicians to use conversational user interfaces to practice medicine and create effective clinical documentation—while maximizing the value that healthcare organizations receive from their EHRs.

- Full support for Dragon Medical One and PowerMic Mobile
- In-workflow documentation guidance through Dragon Medical Advisor
- Dragon Medical embedded in eClinicalMobile and eClinicalTouch is accessible through any mobile device with no additional software to install or usernames/passwords to remember

Joint innovation and strategic development

Technical strategy is the backbone of our partnerships. That's why we engage in joint development and innovation projects. Here are just a few of the areas where we work alongside eClinicalWorks so that we can deliver a seamless user experience:

- Drive EHR adoption by improving usability and productivity through integrated, cloud-based clinical documentation solutions
- Strategic partnership aligned with eClinicalWorks' growth objectives
