

COMBINE PHYSICIAN DICTATION WITH PC MOUSE FUNCTIONS

PowerMic II

Speech recognition hand microphone for use with:
Dragon® Medical 360 | Network Edition,
Dragon Medical Practice Edition,
PowerScribe® 360 | Reporting,
Dragon Medical 360 | eScription™ Clinician Console,
and Dictaphone® Enterprise Speech System

The PowerMic™ II from Nuance is specially designed for enhanced physician productivity, providing ergonomic control of both standard dictation and speech recognition functions.

The PowerMic II microphone offers simplified, thumb-control operation for dictating, navigating, reviewing, and editing speech recognition generated documentation.

FULL DICTATION CONTROL

The PowerMic II advances physician PC dictation to a new level, making it easier and faster to control voice recording, navigate and select fields in on-screen templates and standard reports, and move throughout recognized text reports for review and editing.

In addition to providing complete dictation control, the PowerMic II incorporates full-function, Microsoft® compatible, PC-Mouse capabilities into the microphone to reduce the need for care givers to continually move between the microphone, mouse, and keyboard.

KEY FEATURES

- USB connectivity for easy plug-and-play installation as well as eliminating the need for sound card-enabled PCs
- Integrated Barcode Scanner (different model) for entering MRN, accession number, or other barcode driven data, with audible feedback upon successful barcode scan
- Unidirectional microphone with noise-cancellation ensures higher accuracy in even the noisiest environments

The PowerMic II Includes:

- 9' USB Cable
- Installation & Quick Reference Guide

Using the PowerMic II, users can rapidly navigate report template fields, then record and use “voice fill-in” capabilities to insert recognized text into report template fields. By combining an ergonomic hand microphone with PC mouse functions, physicians will gain new levels of dictation speed, ease-of-use, and productivity.

ABOUT NUANCE HEALTHCARE

Nuance Healthcare, a division of Nuance Communications, is the market leader in providing clinical understanding solutions that accurately capture and transform the patient story into meaningful, actionable information. These solutions are proven to increase clinician satisfaction and HIT adoption, supporting thousands of hospitals and providers to achieve Meaningful Use of EHR systems and transform to the accountable care model.

To learn more about how Nuance Healthcare can help you improve financial performance, raise the quality of care, and increase clinician satisfaction, please contact us at 800-350-4836 or visit www.nuance.com/healthcare.
