### eCopy ShareScan® Suite

#### Enterprise document imaging for business process efficiency

With ShareScan Suite software, office workers can use their multifunction peripherals (MFPs or scanners) to scan documents securely and seamlessly into business applications that support electronic business processes. It provides a consistent, easy to use interface across any capture device, promoting user adoption and increasing the value of enterprise hardware and business software investments.

The software offers integration to Microsoft Office applications, as well as leading document management, e-mail, fax, database, collaboration, and cost recovery software applications.

ShareScan Suite includes all of the components an organization needs to save time, reduce costs, and increase business results through an automated solution that securely puts paper documents directly into their electronic workflows.

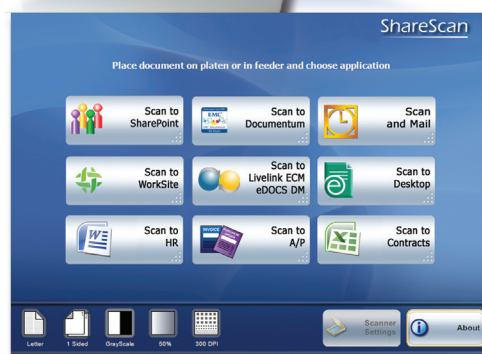

### WHAT'S INCLUDED IN SHARESCAN SUITE

- **ShareScan** connects your MFP or scanner to your organization's networked enterprise applications for easy to use, secure distribution of paper-based information. ShareScan uses the world's #1 optical character recognition engine—OmniPage 17—to offer unparalleled conversion accuracy. By allowing users to scan hardcopy to editable Microsoft Word and Excel, ShareScan saves time and reduces the costs associated with data entry and retyping, freeing workers to tackle more productive tasks.
- **eCopy PaperWorks™** is easy-to-use desktop document imaging software that enables business professionals to convert electronic and paper documents into text-searchable, secure PDFs and directly include them in business applications and workflows.
- **eCopy Connectors and Services** link eCopy-enabled devices with software applications to give users the ability to scan directly to those applications. eCopy ShareScan Suite includes Connectors\* and Services to applications such as:
  - Open Text Fax Server (RightFax)
  - EMC® Documentum Content Server®
  - iManage WorkSite (formerly Interwoven)
  - Lotus Notes
  - Microsoft® Exchange
  - Microsoft® SharePoint®
  - Microsoft® Excel
  - Open Text Livelink ECM
  - Open Text Livelink ECM - eDOCS DM™
  - eCopy Quick Connect™
  - Cost Recovery Applications
  - Bates Stamping
  - Microsoft® Word

Additional Connectors to business applications are available.

\*Connectors vary depending on MFP or scanner brand.

*A familiar and intuitive user interface assists the user in quickly sending scanned documents to their destination.*

*\*Image is the ScanStation™ configuration. Touch screen user interface varies by device.*

When Businesses need to:	ShareScan Suite delivers:
Integrate paper documents into electronic business processes	Real-time, dynamic integration with document management, collaboration, and other business applications
Leverage investments in Microsoft technologies	Integration with Active Directory®, Exchange, SharePoint, Access®, and SQL Server®, as well as integration to additional Microsoft applications created by third-party software companies using the ShareScan SDK  Microsoft® Word and Excel output support, ensuring users can work with documents in all commonly used formats
Track or chargeback for copying, printing, or scanning	Integration to document accounting software
Manage risks associated with paper documents	User authentication and access to business applications through dynamic integration  Audit trails, document tracking, Scan to PDF/A, and file encryption
Enable employees to easily share paper documents and collaborate as they would with electronic documents	Scan to e-mail directly from user e-mail accounts from the MFP or scanner, including address list access at the MFP or scanner  Scan to Fax, network or Web folders, databases, or FTP
Retrieve, edit, and distribute scanned documents	Scan to Desktop, including the ability to scan to multiple users' inboxes  eCopy PaperWorks to edit PDFs, and combine scanned documents with electronic documents into a single PDF  Use optical character recognition (OCR) to create Microsoft Word or searchable PDF files from scanned documents
Implement solutions that require little training and are easy to support	Intuitive graphical user interface and consistent user experience across all MFPs or scanners  Centralized administration  User account-based security and access are dynamically updated from existing back end systems
Expand systems to meet customized or evolving needs	Hundreds of third-party integrations available for popular applications or create custom integrations through a Windows-based development platform and tool kit  eCopy Quick Connect for rapid creation of scan workflows, including file naming, indexing, and destination options

**DEVICE COMPATIBILITY**

For the latest supported platforms for ShareScan Suite, please visit: [www.ecopy.com/support/platforms.htm](http://www.ecopy.com/support/platforms.htm)

**AVAILABLE CONFIGURATIONS:**

**MFPs:**

- eCopy ScanStation includes a freestanding touch screen and keyboard that connects easily to any scan-enabled MFP, ISIS-driven scanners, and select TWAIN scanners. The ScanStation includes all the hardware and software required to run eCopy ShareScan.
- A software client for select MFPs, enabling eCopy ShareScan to be accessed from the MFP's touch screen, and server software.

**Scanners:**

- eCopy ScanStation includes a freestanding touch screen and keyboard that connects easily to any scan-enabled MFP, ISIS-driven scanners, and select TWAIN scanners. The ScanStation includes all the hardware and software required to run eCopy ShareScan.
- ShareScan Suite software only

**Minimum Software Requirements<sup>1</sup>**

- Microsoft XP Pro
- Microsoft Windows 2003 Server
- Microsoft Vista Business Edition
- Microsoft Vista Enterprise Edition
- Microsoft Windows 2008<sup>2</sup>
- Microsoft Windows 7<sup>2,3</sup>

**eCopy ShareScan Suite for Scanners**

For the latest supported platforms for ShareScan Suite, please visit: <http://www.ecopy.com/support/platforms.htm>.

<sup>1</sup> System requirements for eCopy ShareScan Suite for Embedded or Integrated devices may vary depending upon device configurations. Please contact your eCopy sales representative for more information on specific configuration requirements.

<sup>2</sup> Not currently supported by eCopy ShareScan for Konica Minolta Integrated devices

<sup>3</sup> Embedded devices only

**eCopy Connectors and Services**

System requirements differ for each Connector and Service. Please find individual requirements on their respective data sheets.

**eCopy PaperWorks**

System requirements can be found on the eCopy PaperWorks data sheet located at: <http://products.ecopy.com/paperworks>
