

Get documents done anywhere

Create documents of any length and edit, format and share them directly from your mobile device—whether visiting clients, a job site or your local coffee shop, with Nuance Dragon Anywhere, professional-grade mobile dictation.

For anyone who works outside of the office, paperwork doesn't end when you're away from your desk. In fact, mobile employees are often burdened with heavier documentation demands—client intake forms, reports and more. This documentation can be time-consuming, especially when you don't have the right tools in hand. Dragon Anywhere makes it easy to create detailed and accurate documents, fill out form-based reports and forms, or complete other paperwork—directly on your iOS and Android smartphone and tablet, all on-the-go. And with synchronization with Dragon on the desktop, work started in the field can be completed back at the office, seamlessly.

Maximize on-the-go productivity.

Improve mobile documentation.

The cloud-based voice recognition in Dragon Anywhere means you can dictate continuously, without time or length constraints. Once completed, easily share documents and reports via email or popular cloud-based sharing apps, such as Dropbox® and Evernote®.

Create form-based templates to speed field reporting.

Using Dragon Anywhere's auto-texts feature, it's easy to create fillable forms, such as a client intake form, in just a few steps. Once created, navigate from field to field using simple spoken commands and fill in all the content by voice.

Enjoy fast and easy editing—all by voice.

Dragon Anywhere has been enhanced to include the powerful voice-editing and customization features many have come to enjoy from Dragon on the desktop. Now, it's even easier to not only create rich, detailed documents, but also edit, modify and format them—all by voice.

Benefits at-a-glance

- Eliminate paperwork backlogs and create documents on-the-go
- Share your dictation with your other devices or colleagues via popular cloud-based sharing services
- Create documents of all types, from long, detailed reports, to forms and quick client notes
- Use simple voice commands to short-cut repetitive steps
- Add powerful customizations to personalize to your needs
- Sync with Dragon on the desktop for seamless productivity

System requirements

- Compatible with Android 4.4+ phones and tablets
 - Compatible with iOS 9.3.5+ (iPad® 3+, iPhone® 5+ or iPad Mini 1+) phones and tablets
 - Active Wi-Fi or cellular connection
-

Improve report detail and specificity.

Dragon Anywhere delivers optimal recognition dictation accuracy right out of the gate, with no training required. There's no need to decipher handwritten notes or try to recall details from hours before. Dictate in real time to ensure reporting accuracy while capturing client interactions and personal insights that lead to more detailed reports and documentation.

Boost mobile productivity with customization and personalization.

Speed up document creation and boost productivity by customizing and personalizing Dragon Anywhere to you. For instance, customize words for accurate recognition of specific industry terms you use daily. Or create simple voice commands to short-cut repetitive steps, like inserting standard clauses into documents.

Work across devices, seamlessly.

Seamless synchronization across devices or the latest versions of Dragon desktop solutions means you can remain productive wherever work takes you. Paperwork can be started in the field and completed back at the desktop, with the same customized dictation experience on any device.
