To make your job easier, we work harder on partnerships

Creating value for healthcare organizations through AI-powered solutions optimized for eClinicalWorks.

Given all the platforms and devices and the unique demands of the people who use them, creating a seamless experience isn’t easy. That’s why we partner with eClinicalWorks to make it easier for clinicians to document everything without ever taking their focus off what matters most—caring for their patients.

**Deeply embedded across the continuum of care**
Deep integrations between Nuance healthcare solutions and eClinicalWorks solutions allow physicians to use conversational user interfaces to practice medicine and create effective clinical documentation—while maximizing the value that healthcare organizations receive from their EHRs.

- Full support for Dragon Medical One and PowerMic Mobile
- **Full transcription and partial dictation** with eClinicalWorks workflows
- In-workflow physician documentation guidance through **Dragon Medical Advisor**
- Dragon Medical embedded in eClinicalMobile and eClinicalTouch is accessible through any mobile device with no additional software to install or usernames/passwords to remember

**Joint innovation and strategic development**
Technical strategy is the backbone of our partnerships. That’s why we engage in joint development and innovation projects. Here are just a few of the areas where we work alongside eClinicalWorks so that we can deliver a seamless user experience:

- Drive EHR adoption by improving usability and productivity through integrated, cloud-based clinical documentation solutions
- Strategic partnership aligned with eClinicalWorks’ growth objectives

3 out of 5 facilities that use eClinicalWorks use Nuance
We're delivering unmatched outcomes for tens of thousands of clinicians and hundreds of organizations (and still counting) using eClinicalWorks. Here is just one example of what is being said:

“We have been blown away by the accuracy of Nuance's speech recognition technology. It helps my productivity since I don’t have to type into the EHR or be at a desktop to complete dictations. Plus, since I always have my smartphone with me, I can always dictate.”

Colin Haines, MD
Virginia Spine Institute

A survey of 250 organizations reveals:

– 98% of clinicians recommend Nuance cloud-based speech solutions to a friend or peer
– 90% of clinicians agree that Nuance helps improve the quality of clinical documentation
– 93% of clinicians state that Nuance makes it easier to quickly capture the complete patient story
