

To make your job easier, we work harder on partnerships

Creating value for healthcare organizations through AI-powered solutions optimized for MEDITECH.

Given all the platforms, devices, and unique demands of the people who use them, creating a seamless experience isn't easy. That's why we partner with MEDITECH to make it easier for clinicians to document everything without ever taking their focus off what matters most—caring for their patients.

Deeply embedded across the continuum of care

Deep integrations between Nuance healthcare solutions and MEDITECH solutions allow physicians to use conversational user interfaces to practice medicine and create effective clinical documentation—while maximizing the value healthcare organizations receive from their EHR.

- Full support for **Dragon Medical One** and **PowerMic Mobile**
- Dragon Medical embedded in **MEDITECH Expansive** is accessible through any browser with no additional software to install or usernames or passwords to remember
- **Full transcription** and **partial dictation** with MEDITECH workflows
- In-workflow physician documentation guidance through **Dragon Medical Advisor** and **MEDITECH NLP Fact Finder**
- Cloud-based CDI workflow management, documentation guidance, and encounter prioritization through **Nuance CDE One** and **Nuance CDE Triage**

Joint innovation and strategic development

Technical strategy is the backbone of our partnerships. That's why we engage in joint development and innovation projects—and here are just a few of the areas where we work alongside MEDITECH so that we can deliver a seamless user experience:

- More than 15 years of collaboration to deliver a full complement of solutions focused on enhancing how physicians capture high-quality documentation in MEDITECH
- Speech recognition, NLP/NLU, and voice-enabling MEDITECH
- Virtual assistants and ambient clinical documentation

MEDITECH use Nuance

Why MEDITECH clients choose Nuance

- AI-powered solutions—including speech recognition, CAPD, and CDI—for MEDITECH
- Clinical approach and content backed by 25 years of expertise
- Mobile effectiveness
- Improved costs, better outcomes, and better overall experience

Delivering unmatched outcomes for more than 300 MEDITECH clients and counting—here are just a few examples:

- **Halifax Health** expanded CDS case coverage by 20% while reducing retrospective coding queries by 63% with Nuance CDE Triage and Dragon Medical Advisor—improving patient outcomes, documentation quality, and the bottom line with cloud-based clinical documentation excellence solutions.
- **Magnolia Regional Health Center** reduced transcription volumes by 100% with Dragon Medical One and recognized an opportunity for a \$1M increase in appropriate reimbursement through Nuance CDI technology and services.
- **Hancock Health** increased productivity through Dragon Medical embedded in MEDITECH Expanse, improved physician satisfaction, achieved 94% speech recognition adoption, and increased patient engagement.
- **Citizens Medical Center** improved physician quality of life, reduced documentation costs with Dragon Medical One, and removed CDs from imaging workflows with PowerShare.

“We expect major system transitions to be cumbersome and complicated. Including Dragon Medical shifted the equation and allowed us to realize immediate gains, while setting us up for further enhancements. It was the highlight of the MEDITECH EHR adoption project—a win for both the organization and our physicians.”

David Parker
CIO, Magnolia Regional Health Center

About Nuance Communications, Inc.

Nuance Communications, Inc. is a leading provider of voice and language solutions for businesses and consumers around the world.
