Control at your fingertips

Nuance PowerMic III brings clinician dictation to a new level by making it quick and easy to control the microphone, navigate and select on-screen fields, and insert, review, and edit generated text. Full-function mouse capabilities give clinicians handy access to basic operations and limit keyboard use, speeding documentation creation. Programmable microphone buttons can perform commonly-used actions and compound clinician efficiency and convenience.

With Nuance PowerMic III, clinicians can rapidly navigate EHR, template, or report fields and insert text using dictation for new levels of usability and efficiency.

Key Features

— USB plug-and-play installation with no sound card requirement simplifies setup
— Unidirectional noise-cancellation microphone ensures performance accuracy in even the noisiest environments
— Easy-to-clean antimicrobial surface promotes safety in clinical settings

Nuance PowerMic III Includes:
— 3’ or 9’ USB cable
— Holster to attach to vertical surfaces
## Technical specifications

**Operating System:** Windows® 7, Windows 8.1, Windows 10
**USB:** 1.1 or higher (USB port must be able to deliver min 500mA for power consumption)

**Supported Environments:** Citrix® and VMware are supported. For more information, please contact Nuance Technical Support.

### Frequency Response Input/Output
- **Microphone:** 20 - 16,000 Hz
- **Speaker:** 500 - 5,000 Hz

**Signal-to-Noise Ratio:** +70db

**Power Consumption**
- Current: max 500mA (max playback volume)
- Power: max 2.5 VA (max playback volume)

**Typical current consumption:**
- Standby: 115mA
- Recording (with LED on): 130mA
- Playback at max volume: 400mA

**Operating Temperature:** 5° to 35° C (41°F to 95°)
**Storage Temperature:** -25 to +70° C (-13°F – 158°F)

**Safety**
- Voltage and power draw: 5 Vdc, 500 mA max

**Emissions – Class B**
- EN 55032:2012 – Electromagnetic Compatibility of multimedia equipment Emissions requirements
- AS/NZS CISPR 32:2013 Electromagnetic Compatibility of multimedia equipment Emissions requirements
- ICE-003:2012 Information Technology Equipment (ITE) – Limits and methods of Measurement

**Immunity**

**FCC warning to user**
- This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:
  1. This device may not cause harmful interference, and
  2. This device must accept any interference received, including interference that may cause undesired operation.

## Compliance

**Manufacturers declaration of conformity**

The devices complies with the following EU Directives
- 2006/95/EC Low Voltage directive equipment safety,
- 2001/95/EC General Product Safety,
- 2014/30/EU Electromagnetic Compatibility,
- 2011/65/EU RoHS
- 1907/2006/EC Reach

Date of first affixing the CE mark 2015
