Move beyond scribes to automatically document care

Why AI makes more sense than medical scribes

- 44% of scribes have no prior experience
- Only 22% of scribes have a form of certification

Meet the Nuance Dragon Ambient eXperience (DAX)
Clinical documentation that writes itself™

1. Improve the patient experience
   - 70% reduction in feelings of burnout and fatigue
   - 93% would be disappointed if they no longer had DAX

2. Boost physician satisfaction
   - 83% say their physician is more personable and conversational
   - 81% say their physician is more focused
   - 75% say their physician spends less time on the computer

3. Increase operational efficiency
   - 7 minutes saved per encounter
   - 50% reduction in documentation time
   - 3-5 appointments added per clinic day, on average

"We're seeing better stability for our doctors by utilizing DAX, as they are able to reduce the stress that comes from not knowing if the scribe support team will be available."

"We've been looking at how we can be more efficient and how we can leverage technology to make an impact and improve the patient experience. That's why we've really embraced DAX."

Discover how clinical documentation has moved beyond scribes

- Improve the patient experience
- Boost physician satisfaction
- Increase operational efficiency
