Why AI makes more sense than medical scribes

Meet the Nuance Dragon Ambient eXperience (DAX)
Clinical documentation that writes itself™

1. Improve the patient experience
   - 83% say their physician is more personable and conversational
   - 81% say their physician is more focused
   - 75% say their physician spends less time on the computer

2. Boost physician satisfaction
   - 70% reduction in feelings of burnout and fatigue
   - 93% would be disappointed if they no longer had DAX
   - 79% of physicians state DAX improves documentation quality

3. Increase operational efficiency
   - 7 minutes saved per encounter
   - 50% reduction in documentation time
   - 3-5 appointments added per clinic day, on average

"We’re seeing better stability for our doctors by utilizing DAX, as they are able to reduce the stress that comes from not knowing if the scribe support team will be available."
Kirsty Gleaton, Director of Operations, Thomas Eye Group

"The savings built into DAX, and the return on investment has truly been remarkable."
Robert McDermott, M.D., Allergy, Asthma & Immunology of the Rockies, P.C.

"The one-to-one scribe to physician relationship doesn’t scale.
Scribes do not enter notes in the EHR, providers perform that task.
